

Under the Mentorship Programme of NLUO, all the Mentors are advised to kindly keep the following pointers in mind;

1. The mentors are expected to provide guidance and support to the students beyond the classroom environment so that they maximise their potential.
2. The mentors must make best efforts to dissuade the mentees under their guidance from indulging in harmful practices like smoking, alcohol and other such consumptions.
3. The mentors must encourage secular thinking and try to eliminate any kind of unreasonable bias or prejudice which might exist in the thought process of students which would further the balanced growth of the students in all aspects of life.
4. The mentors should try to inculcate a positive and optimistic outlook towards life and try to empower the students to deal with emotional upheavals in more rational manner.
5. While acting as a Mentor, faculty members should be friendly but at all times should maintain a dignified distance and ought not to get too involved in the personal lives of students. The involvement of the Mentor should be to the extent necessary to keep the Mentee on track in relation to his/her academic pursuits.
6. The Mentor should try to identify the interest area and talent of the Mentee and should make an effort to encourage him/her in pursuing that interest or talent in the best possible manner.
7. No Mentor should entertain complaints, criticism or any negative discussion about another faculty member or any other staff of the University.
8. In critical cases, the Mentor should inform the parents of the Mentee of the problem but this discretion should be exercised judiciously.
9. The role of a Mentor is that of an advisor and not that of a Complaint Redressal Authority and thus a Mentor may help the students in terms of directing them towards the appropriate authority but should not take up the matter as their own.
10. A Mentor shall meet with all his Mentees individually at least once in every 15 days and in case of any delicate matter arising, shall inform the Vice-Chancellor at the earliest.
