Cyber Law and Cyber Security

STARTING FROM SEPTEMBER 1ST, 2022

About NLUO

The National Law University Odisha (NLUO) was established by the Act IV of 2008 of the State of Odisha. In a span of fourteen years, the University has made a name for itself by earning laurels with excellent performance by its students in various moot courts, literary, debating competitions and other cocurricular activities. Our faculty has consistently produced very high-calibre research. Faculty articles in a number of prestigious international journals reflect their quality scholarly work and domain expertise.

Our demanding academic standards and supportive learning environment give students a platform to reach to the fullest of their potential and advance in their areas of interest and passion. The University is also an associate member of the UGCINFLIBNET, and a participant in the National Knowledge Network under the Ministry of Information Technology and Communications, Government of India. The University has been accredited with 'A' Grade by National Assessment and Accreditation Council (NAAC). The National Law University of Odisha, also known as NLU Odisha, has been ranked at number 6 under the 'Top 10 Emerging Colleges' (Law) category in the India Today's Best Colleges Rankings of 2021.

About CyberLaw University

Cyberlaw University is an online university devoted solely to the study of cyber law and associated legal matters. The goal of Cyberlaw University is to offer a variety of programmes and certifications that will increase participants' knowledge of the law with respect to cyberspace, the Internet, and the World Wide Web. Cyberlaw University is dedicated to provide various courses with the up-to-date information on constantly evolving legal issues affecting computers, computer systems, computer networks, communication devices, as well as data and information in the electronic format. The areas of study dedicated to Cyber law and several related growing disciplines, such as Cybercrime Law are the emphasis of this online educational platform. The courses that Cyberlaw University offers are a unique blend of academics, practical nuances and cutting-edge issues covering those areas that have not yet been addressed by the current curricula of any other law school or law university.

About the Course

NLUO jointly with the Cyberlaw University presents "Online Certificate course on Cyber Law and Cyber Security." This course will cover a diversified arena connected to intellectual property rights, artificial intelligence law, block chain technology etc. This programme has been conceptualized, designed and developed by Dr. Pavan Duggal, Advocate, Supreme Court of India and the Honorary Chancellor, Cyberlaw University. The duration of the Cyber law certificate course will be 2 months. The course will include recorded video lectures and live online classes. The course will include recorded video lectures, live online classes and live doubt clearing sessions.

Objectives of the Course

The objectives of the course are:

- To provide a holistic view of the practical aspects of global Cyber Law and Security.
- To impart knowledge about security breaches and frauds.
- To teach about emerging trends in Cyber Law jurisprudence.
- To help participants gain insights on the various provisions that countries around the world have in place for cyber crimes and other aspects of Cyber Law.
- To provide a perspective on the legal ramifications of different activities on the World Wide Web.

Learning Outcomes of the Course

On the completion of the course, the participants will be able:

- To have more nuanced knowledge of different Cyber laws around the globe and the varied approaches that countries take to regulate the Cyberspace.
- To get a more sensitized view on the latest emerging elements of Cyber law and cyber security jurisprudence across the world.
- To get a holistic view pertaining to the legal, policy and cyber security ramifications of the cyberspace.
- To benefit from the well- crafted pedagogy employed in the course and the practical nature of the same.
- To tackle inevitable challenges that may emerge in the cyberspace.
- To evaluate the effects of COVID-19 on the Cyberspace and how this has altered the jurisprudence surrounding Cyber laws.
