I owe credit to the University for providing me with numerous opportunities to find my footing during my years in law school. From allowing us to suggest optional courses to be included in the curriculum, to offering credit courses taught by external faculty that brought international and practical perspectives, NLUO has fostered an academic culture that is both forward-thinking and impactful. These initiatives give students the chance to delve deeper into their areas of interest and identify their passions early on. Equally, NLUO places significant emphasis on co-curricular and extracurricular activities, enabling students to develop holistically and gain well-rounded exposure. I strongly believe that students from emerging institutions like NLUO embody a distinct sense of ambition, determination, and work ethic, driven by the challenge of carving out their own path. I am confident that the current students will embrace every challenge and achieve all that they set out to accomplish.

My time at NLUO as a student was truly enriching, and I owe a debt of gratitude to the University for shaping the person I am today. In subsequent experiences with recent batches, especially during recruitment and moot court competitions, it is evident that NLUO has evolved into a nurturing yet competitive academic space. Students are provided with the tools to cultivate inquisitive minds in the field of law, fostering their development into well organized and skilled legal professionals. What particularly impresses me about the students is their exceptional work ethic, genuine humility, and openness to capitalize on opportunities. These qualities distinguish them and contribute significantly to the University's reputation for producing individuals who not only critically analyze the law but also emerge as conscientious and capable legal practitioners.

I am pleased to write this foreword for the NLUO's batch of 2021-2026. Studying in NLUO has been transformative. I am grateful to the University, the Professors and the Staff for their guidance over the years. My interactions with the batch during moot court competitions have been gratifying. The students have demonstrated their curiosity and ability to research on different legal propositions. They have also left an indelible mark through their outstanding work ethic, and humility. The students have the skills to develop into competent and reliable legal professionals in their chosen fields, critically analysing the law and finding solutions to myriad legal issues. I trust they will uphold the NLUO's reputation, which has produced many distinguished alumni, working multiple fields.

Attending NLUO was one of the most transformative experiences of my life. Directly out of Secondary High School, NLUO was where, we transcended into adulthood with deep appreciation for justice and equity. It not only provided me with a robust foundation in legal principles but also honed the critical thinking, analytical, and advocacy skills that have become indispensable in my career as a litigating advocate.

The wholesome curriculum taught me the importance of precision and discipline in achieving our goals. Beyond academics, law school introduced me to a network of brilliant mentors and peers who challenged and inspired me to strive for excellence. Moot court competitions, internships, and practical case studies prepared me to navigate complex legal landscapes of any scale. The ideals from law school will have a long standing impact and shall continue to guide us in life, beyond courts.

I owe much of my professional success to the foundation laid during my law school years. It was a time of growth, learning, and discovery. Needless to say, I found the best of friends, memories and learning in those five years.

In the previous editions of the moot, we have successfully hosted the event with the support of Bose & Mitra & Co. as our title sponsors and our knowledge partners EBC and SCC Online. NLUO-PHFI Public Health Law National Virtual Moot Court Competition

NLUO takes pride in pioneering the development and teaching of 'Public Health Law' as a specialised course in India. While the Covid-19 pandemic had put a spotlight on the subject, there is a need for broader engagement with administrators, academicians, lawyers, and law students across the country to critically analyse the role of law in making health a realizable goal and ensuring distributive fairness in the allocation of critical health infrastructure. With an aim to reach out to law students across the country and make them think and research about various nitty-gritties of byzantine legal rules and principles that form the bedrock of the public health apparatus, NLUO is the proud host of PHFI-NLUO Public Health Law National Virtual Moot Court Competition.

GAJE-NLUO Mediation and Negotiation Conclave

The NLUO Centre for Mediation and Negotiation organizes the "GAJE-NLUO Mediation and Negotiation Conclave" with the support and sponsorship of the Global Alliance for Justice Education (GAJE) and in collaboration with the NLUO Alternative Dispute Resolution Board in order to create awareness and promote the highly efficient mode of mediation. The learning techniques employed during the Conclave include Experiential Learning, Experience Sharing, Brainstorming, Group Discussions, and Lecturing, ensuring a blend of theoretical and practical knowledge. The NLUO Mediation Cell at the Centre for Mediation and Negotiation aligns with Sustainable Development Goal (SDG) 16 of the UN, which corresponds to GAJE's mission of achieving justice through legal education.

RECRUITMENT PROCESS

The Recruitment Coordination Committee, NLUO, shall send invitations to recruiters along with the placement brochure and relevant information. Alternatively, an organisation may approach the Recruitment and Coordination Committee by writing to recruitment@nluo.ac.in.

INITIAL COMMUNICATION WITH THE RECRUITER

PRE-PLACEMENT TALKS

Recruiters are invited to organize Pre-Placement Talks at the University for interested students. During these sessions, valuable information such as organizational profiles, career advancement opportunities, compensation packages, and more can be shared. These presentations can take place ahead of the Pre-Interview Screening process.

Recruiters have the option to carry out a Pre-Interview Screening, which may include group discussions or written tests at any point before the actual interview day. Recruiters have the flexibility to establish their own screening policies to shortlist candidates. In instances where a Recruiter doesn't specify a particular Pre-Interview Screening method, the curriculum vitae of all interested students will be shared with the Recruiter.

PRE-INTERVIEW SCREENING

FINAL INTERVIEW

Following the conclusion of the Pre-Interview Screening, the Recruiter will prepare the Final Interview List and share it with the RCC at least 48 hours before the scheduled interview, along with a list of waitlisted candidates. If any selected applicant from the Final Interview List is unavailable for the interview, the Recruiter may choose to interview waitlisted candidates if deemed appropriate. If the Recruiter does not have a Pre-Interview Screening procedure, the list of interested students will automatically serve as the Final Interview List.

The RCC will announce the results collectively at the end of the day to guarantee impartiality among recruiters. Recruiters must reveal the outcomes of their Final Interviews and any offers extended to applicants solely through the RCC, and this information will be conveyed in a sealed envelope.

DISCLOSURE OF OFFERS
