 Kind attn. Dr. Gopal Ji, as per evidence, abrupt quitting tobacco is the best way to succeed. If government has will and the mass communication strategies are used to make people aware about benefits of quitting with support to addicts stay quit with or without support by NRT, an abrupt stopping of tobacco industry won't affect its users, addicts even. Quoting kills none! Kindly respond.

rakesh gupta 11:26 AM
 Yes, I second inclusion of Tobacco under NDPS Act of 1955. It will need a Constitutional Amendment. Nevertheless, it is much easier than suffering ~4,000 tobacco deaths daily.

 Hi Dr Rakesh, good to see your chats. Dr Rakesh has also been such a great advocate for tobacco control!

T Chopra 12:07 PM
 Q. Is there any law prohibiting online advertisement and how are cases of surrogate advertisement on all medias treated???
